Experience

About me

Personal site-portfolio: <https://prmak.netlify.app>

Front-end developer with 1+ year of experience building responsive and user-friendly web applications using React, JavaScript, TypeScript, and modern web technologies. Passionate about clean code, performance optimization, and creating seamless user experiences.

Telegram WebApp: "будка гемов"

Front-end developer • Remote

08/2024 - Present

- Developed and implemented front-end features for web applications, ensuring responsive and user-friendly interfaces.
- Optimized assets (images, fonts, scripts) to improve performance and load times.
- Integrated RESTful APIs, enabling seamless data exchange between the front-end and back-end services.
- Creating different SPAs

Weekly Planner (React)

Pet Project • <https://planyourweek.netlify.app>

Designed and built a productivity application with a user-friendly interface for managing weekly tasks.

Netflix clone (React)

Pet Project • <https://netclicks.netlify.app>

Replicated core functionality and layout of Netflix using React, including dynamic rendering of content.

Fashion Shop (React)

Pet Project • <https://fashionshopprmak.netlify.app>

Created an e-commerce frontend with React, implementing responsive design and interactive UI components.

Windows 10 (Native JS)

Pet Project • <https://prmak.github.io/windows10/>

The first big project I spent the most time in which I went deep into layout, JS and realized a lot of pet projects internally (2 games (Dino game, Snake game) / weather app using API / calculator)

Education

Computer Science

Kryvyi Rih National University

Bachelor's Degree: 09/19 - 06/23

Master's Degree: 09/23 - 12/24
